DETAILED ACTION

Claim Objections

Claim 9 is objected to because of the following informalities: The recent claim amendments added limitations and recitations to "said coupling organ" which isn't a previously recited element. The coupling organ is recited until later in the claim causing lack of antecedent basis issues with the claim amendment recitation. Appropriate correction is required.

Allowable Subject Matter

Claims 9-18 are allowable.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

Conclusion

This application is in condition for allowance except for the above formal matters.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
